HOSTING & DOMAIN

- **Hosting included:** premium-quality shared Linux hosting with cPanel, from a top-tier provider. The listed package price includes hosting.
- **Domain name consultation** — expert guidance in choosing the best domain name for your brand, your audience, and long-term search visibility.

Important: Everything is designed and developed based on your specific business needs. No fixed templates — we build a flexible, professional solution tailored to your goals.

DELIVERY TIME	BEST FOR
Depends on project scope	Service businesses, agencies, professional services, growing brands

PACKAGE 03

Forge **SIGNATURE**

For businesses that need a high-performance, scalable, and fully custom-built solution.

PACKAGE PRICE	HOSTING	ANNUAL SUPPORT (OPTIONAL)
$4,500 Hosting billed separately	Hosting not included	**$2,500** / year

WHAT'S INCLUDED

- Completely custom-built system (not WordPress)
- Technology stack chosen based on project needs (Laravel, Next.js, Node.js, or other suitable modern stack)
- Fully custom frontend + backend
- Complete online store (full e-commerce functionality)
- Advanced features (user dashboard, booking system, membership, API integrations, multi-language, etc. — based on requirements)
- High-performance architecture & scalability planning
- Advanced SEO & technical optimization
- Security-focused development + role-based access control
- Custom admin panel tailored to the business
- Full documentation + hand-over session
- 3 rounds of revisions
- 30 days free support + maintenance plan options
- Ongoing consultation during development

HOSTING & DOMAIN

- **Hosting:** dedicated Linux hosting (cPanel, or a configuration suited to the project's technology stack), with resources reserved exclusively for your website. **Hosting costs are not included in the package price.**
- **Domain name consultation** — expert guidance in choosing the best domain name for your brand, your audience, and long-term search visibility.

Important: This is a fully bespoke development project. We analyze your requirements and build the most suitable solution from the ground up — no pre-built systems or limitations.

DELIVERY TIME	BEST FOR
Project-based	SaaS, marketplaces, complex platforms, high-traffic websites, unique business requirements

PACKAGE 04

Forge **UNLIMITED**

Unlimited, fully custom solutions for large organizations and highly specialized requirements.

PACKAGE PRICE	HOSTING	ANNUAL SUPPORT (OPTIONAL)
Call Us Defined after consultation	Hosting / server not included	**Call Us**

WHAT'S INCLUDED

- Completely unlimited custom development — no restrictions on scope or features
- Technology stack fully tailored to organizational needs and long-term strategy
- Enterprise-grade architecture (scalability, high availability, security, performance)
- Complex systems: multi-tenant platforms, internal tools, advanced e-commerce, portals, SaaS products, and more
- Full system design, UX/UI, frontend, backend, APIs, and third-party integrations
- Dedicated project management and direct collaboration with stakeholders
- Unlimited revisions during the development process
- Priority support and extended post-launch assistance (customized duration)
- Comprehensive documentation, training, and knowledge transfer
- Ongoing maintenance, optimization, and feature expansion options
- Flexible engagement models (project-based or long-term partnership)

HOSTING & DOMAIN

- **Hosting:** dedicated Linux hosting or a dedicated Linux server, selected according to the project's scale, traffic, and technical requirements. **Hosting and server costs are not included in the package price.**
- **Domain name consultation** — expert guidance in choosing the best domain name for your brand, your audience, and long-term search visibility.

Important: This package is designed for organizations and clients who need a solution far beyond standard packages. Everything is built from scratch according to your exact requirements with no predefined limits. Contact us to discuss your project — pricing and timeline are defined after understanding your needs.

DELIVERY TIME	BEST FOR
Fully project-based (defined after consultation)	Large companies, enterprises, organizations, and anyone requiring highly specialized or unlimited custom development
